

UPDATE: Final Pay Notification

As a necessary practice to ensure the accuracy of final paychecks, we will need to process the final payroll on Tuesday, 10/09/2018, for those whose last day was 9/29/18. Employees with direct deposit could begin to see their direct deposits as early as Tuesday afternoon; but certainly no later than Wednesday. Live checks will be mailed directly to the address of record. Therefore, to ensure timely receipt of your live checks, please provide HR with any recent address changes only by end of day Friday, October 5th.

There will be no live checks received on site in the call centers. Checks will be mailed from the CT office directly to the employees. Please know we are working as quickly as possible to get each of you the final complete and accurate pay.

If you are currently assigned to an active program and/or confirmed for an upcoming training class, the above will not apply to you. You will receive your pay through the usual payroll cycle and timing.
